FIRM PROFILE

RESPONSIVE ▪ EFFECTIVE ▪ PERSONAL

If you are looking for an attorney who understands the needs of businesses and individuals that have been harmed by the negligent acts, errors and omissions of others or who have been harmed by the breach of a duty owed to them by others then MCLAIN LAW is the firm for you.

MCLAIN LAW is a general practice firm that focuses on business law, insurance law, employment law, personal injury and accident law, workers' compensation, and family law.

The firm's services are responsive, effective, and personal. As a MCLAIN LAW client, you are involved and engaged in identifying and choosing the best approach or combination of approaches to protect and prosecute your interests. The right amount of time is devoted to understanding the cause and extent of the harm that you have experienced at the hands of others. Courses of action that have the best chance of creating financial and emotional recovery from the harm are explored with you. You, with our legal advice and counsel, decide on the best course of action to take. You decide when to implement the recovery plan. Finally, the plan is implemented in an efficient manner.

General Counsel Services for Corporations

GENERAL COUNSEL SERVICES FOR CORPORATIONS

Corporate Governance

Observance of corporate formalities is necessary to maintain the protections and advantages that the corporate form offers in the way of shielding shareholders against personal liability for obligations incurred by the corporation. We structure board meetings and facilitate an agenda with meeting minutes that are appropriate for the company.

Corporate Compliance and Ethics

Businesses are expected to operate within the limits of the law. We develop a system of policies and procedures that are appropriate for the company to detect and prevent wrongdoing. The company's program will promote an organizational culture that encourages ethical conduct and a commitment to compliance with the law.

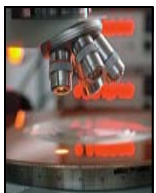

General Business Contracts

Corporations enter into a variety of business contracts that contain language that may be inapplicable, inappropriate, or disadvantageous. We develop standard contracts that are appropriate for the company to offer. We also review and make recommended changes to contracts that are offered to the company.

Employment Practices

Proactive handling of employment issues is as essential to a corporation as having enough background, exposure, and understanding to recognize the issues. We develop employment agreements, policies, and processes that serve to avoid the pitfalls common in any human resources function.

Intellectual Property

Most companies have intellectual property in the form of copyrights, trade secrets, trademarks, or patents. We identify corporate intellectual property and take action to protect the corporation's rights to it. When it comes to licensing intellectual property to others, we draft agreements geared toward maximizing the value to the corporation.

Litigation

Some litigation may require retention of outside counsel. We are responsible to the corporation for identifying, selecting, managing, and evaluating the services provided by outside counsel. We collaborate with outside counsel regarding the corporation's expectations and goals, and the most cost effective means of achieving them.

Contact MCLAIN LAW today to discuss corporate general counsel services for your business.
